Waveland hurricane museum commemorates 17th anniversary of Hurricane Katrina

BY CASSANDRA FAVRE
STAFF WRITER

Waveland's LiLi Stahler-Murphy Ground Zero Hurricane Museum on Monday hosted its 17th annual Hurricane Katrina Remembrance Ceremony.

Fr. Jacob-Matthew Smith of St. Clare Catholic Church opened the commemoration.

"As we do, we remember our old sense of invulnerability, how we use to think hurricanes always turn away or hurricanes always lose strength as they come onto land and wonder, will we or our children ever feel safe again?" Smith said. "Will there ever come a time when we are over the nightmares from the overwhelming emotions evoked by photographs

and shared experiences? We remember our family members, friends, school chums, acquaintances, neighbors, members of our religious communities, some of whom died directly or indirectly from Katrina and others who have had to choose to live away from our area because of jobs, housing, grief, trauma, or loss of community."

Smith said that people remember the fabrics of neighborhoods, homes, schools, businesses, places of worship, restaurants, and grocery stores that were washed away or demolished, "irrevocably lost to Katrina."

"That lost city of our memories and dreams will remain with us," he said. "Let us work, pray, and strive to keep our city from losing anymore

dear and familiar landmarks."

Donna Martin, museum board of directors secretary, said Monday was a day to honor the people who the community lost to Hurricane Katrina and those who came to help when it was needed most.

Martin said that the museum will host its first quilt exhibition, "Quilt Tales: Stories through Fabric," beginning on Oct. 7 and running through Jan. 14.

"These quilts tell a story, such as 'A day in Waveland' or 'The Eye of the Storm,'" Martin said.

In addition, the museum will also have "barn quilts," painted by local artists, which will form a "quilt trail" throughout Waveland and Hancock County, Martin said. An-

HCLS appoints new manager for Bay St. Louis Library

SEA COAST ECHO

Leah Preble Holmes has been named the new branch manager for the Bay St. Louis-Hancock Library according to an announcement by John Brdecka, executive director of the Hancock County Library System (HCLS).

Leah Holmes served as an English and Humanities instructor with the University of Southern Mississippi system (USM), and has more than 20 years of teaching experience, including high school and college level. Ms. Holmes taught 9th grade English at St. Stanislaus High School from 1996 – 2002. She has also taught classes through the Osher Lifelong Learning Institute (OLLI), Gulf Park campus, where she contin-

ues to be involved as a volunteer teacher for Gulf Coast retirees. Ms. Holmes holds a bachelor's degree in English from LSU, and a master's in English and British Literature from USM. While at USM Holmes also completed work towards a doctorate in Victorian literature.

Regarding the new Bay St. Louis branch manager, Brdecka said, "We're fortunate to have someone of Leah's diverse talents join our library system. Leah brings a broad literary background and abundance of creative energy to her new role, which will surely carry over to serving our communities."

including reference and circulation, as well as coordinating local programming targeted to children/families, teens and tweens, adults, and seniors.

Commenting on her new position, Ms. Holmes stated, "I'm honored to have this opportunity to continue my love of books and reading and am excited to help grow new and

creative programs that serve readers of all ages. The library is a welcoming place for families, other area residents, and businesses – particularly those small businesses who can benefit from our many library resources."

A recipient of numerous awards and recognition, Ms. Holmes served as the 2004 Mississippi Library Commission's official traveling scholar reading initiative that featured, *Girl in Hyacinth Blue*, a novel by Susan Vreeland.

Additionally, Ms. Holmes works as an artist and glass bead maker, melting hot rods of glass into smaller bead forms through a process known as "lampworking." Leah crafts and sells her unique beads which she makes into bold color-

ful jewelry. A native of Long Beach and the Gulf Coast, Leah Holmes and her husband Michael, a mechanical engineer at NASA, reside in Diamondhead.

Hancock County Library System

Founded in 1935, the Hancock County Library System (HCLS) is a county-wide library headquartered in Bay St. Louis, MS. With individual library branches located in Bay St. Louis, Diamondhead (East Hancock), Kiln, Pearl- ington, and Waveland, MS, the HCLS offers a full array of conventional library services to individuals and families, plus access to new technology including business support services. Examples of amenities and services available

include: research, computers, WI-FI, scanning, faxing, copying (B&W and color), online tutoring for students, and 3D printing. The HCLS also offers a wide variety of programs for different audiences, from young children through senior citizens. See detailed information, by location, online at: www.hcls.info. Hours of operation vary by library branch location. Most services and programs are made available free of charge to the public. The mission of the Hancock County Library System is to inspire lifelong learning, promote the joy of reading, and strengthen our communities by providing open access to cultural, intellectual, technological, and informational resources.

Katrina.

In conjunction with The Arts, Hancock County, a Fiber Fest is planned for Saturday, Nov. 19 from 10 a.m. to 4 p.m. at Waveland’s Town Green.

A permanent exhibition slated to open this fall is “Discovery Alley,” an interactive experiment for children, Martin said. It will also feature “The Hurricane Simulator Machine,” which will give visitors a firsthand experience of what a hurricane feels like.

It will simulate a wind force of 70 mph and is being custom built for the museum in Sweden, Martin said.

“We realized that the museum was missing an important segment of the population and that was our children that visited the museum,” Martin

said. “As a generation, they know very little about hurricanes. They know very little about preparation or the recovery.”

The Hurricane Simulator is made possible through a Community Safety grant from CSX Transportation and private donors, Martin said.

Muralist Holly Garvin is painting a “child-centered” mural on the wall of Discovery Alley, a release from the museum states.

A Michigan native, Garvin recently retired from the Naval Meteorology and Oceanography Command where she worked with NAV-OCEANO as a hydrographer mapping the sea floor using SONAR devices, the release states. She now spends her free time pursuing her murals and the art of Gytaku, and the use of sumi ink to make fish prints on rice paper.

The current exhibit

is “Talkative Trees” by Lindsey Taylor Henriques, which will be on display until Sept. 3.

The hurricane museum is housed in a historic building built in 1927, which once housed Waveland Elementary School. The building is city-owned and was the only building left standing on Coleman Avenue after Hurricane Katrina. It is listed on the National Historic Registry. In 2020, the museum was dedicated to LiLi’s memory, who was instrumental in opening the museum.

The museum is located at 335 Coleman Ave. and is open Tuesday through Saturday from 10 a.m. to 3 p.m. Admission is free.

Flag Retirement Program

Edmond Fahey Funeral Home works with local residents and the veterans services organizations to properly retire any U.S. flag that has reached the end of its service. Our program is designed to honor our national heroes, our military veterans, and to give dignity to our American Flag when it is no longer worthy of display. We strive to see that each veteran being cremated has a flag. There is no charge for this service to our veterans.

According to the United States code, Title 4, Chapter 1, Subsection 8: "The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning."

If you would like to honor a deceased veteran by donating an aged or worn flag to be properly disposed of, you may do so by delivering the flags to our funeral home located on the corner of Necaise Avenue and Main Street.

"We pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

TO BENEFIT US ALL

So, as someone who has students loans, I figured I would jump on the “let’s talk about the student loans” bandwagon.

Since I’m a known procrastinator, I haven’t checked to see if my loans qualify for the forgiveness, so I have no idea if it will benefit me at all.

As with any issues, there seem to be two distinctive sides: Some see this as a much-needed relief for people, while there are others who are completely outraged that a portion of these loans are being forgiven.

As someone who has paid on theirs for the past 17 years and still hasn’t touched the principal amount, I think that the whole process needs to be overhauled for it to truly be beneficial to people.

And there are some who say, “take out a loan, you pay it back.”

I would tend to agree, for the most part. I’ve paid off two car notes in my lifetime, tons of medical bills, etc.

However, when it comes to education, as I’ve said before, the first 12 years are covered by tax dollars, why not the next four years?

Because, and let’s be honest, the idea of going to college and making a good score on the ACT is practically shoved down our throats during the school years. To the point, where one is fearful that they won’t obtain gainful employment without the coveted college degree.

That’s when the “lovely” student loan reps swoop in and “show” 17-18-year-olds how to travel the path of higher education.

Granted, if they were anything like me, they have no idea how predatory the whole student loan process is. Maybe nowadays, they might, considering it’s been in the news so much.

Or, you could join the military, right? The promise of free education is the lure for many. So, their employment and education are funded by tax dollars.

As it stands, my tax dollars go towards paying for a school system, of which I have no use for, being childless and all.

Although there is a little bit of bitterness about that, I know that an educated society is important, so I have zero problems with tax dollars being used to fund education.

With that said, there are tons of things that tax dol-

Hancock History: Baldwin Lodge

The introduction of railroads to the Gulf Coast provided Hancock County citizens and

businesses the opportunity for local and long-distance travel. In Hancock County, there were several depots: Bay St. Louis, Waveland (x2), Clermont Harbor, Lakeshore, Ansley, Claiborne, and Baldwin Lodge. Another stop was English Lookout right across the East Pearl River in Louisiana from the Baldwin Lodge. At English Lookout, there was a post office and the Dunbar Seafood Cannery after 1915. Passengers and cargo detained at English Lookout and caught the small packet steam-driven boat up the river to Pearlinton, Logtown, and Gainesville. Hancock Bank sent one of its officers everyday by this

connection to its branch in Logtown. The L & N Railroad embraced its role in providing back and forth commuter service all day to these small towns like Ansley in the county, which promoted growth of population and prosperity. In Ansley, there was a post office, an elementary school, a church, and a tavern. A Weston Lumber Mill railroad spur connected Logtown with the L & N line at Ansley, presumably for transport of freight such as lumber products.

At the turn of the Twentieth Century, there was a plethora of fishing camps/clubs along the marshes of the Gulf Coast. In that era, the L & N Railroad stopped, if requested, at the fishing camps in the Lake Catherine and East Pearl Riv-

er areas. Some fishing camps had names such as the Rigolets Club, Talley-Ho Club, Pine Island Club, We-Go-Fishing Club, and the Baldwin Lodge.

Albert Baldwin (1834-1912) was a prominent New Orleans businessman who built a lodge or clubhouse in 1892 on the east end of the L & N bridge across the East Pearl River. Although Baldwin was a migrant from Massachusetts to New Orleans, he married well in 1862 to Arthemise Bouigny (1846-1911). The Baldwins had six children. Mr. Baldwin had financial interests in several businesses including banking. Moreover, he was a generous philanthropist. The Baldwins entertained lavishly. Mr Baldwin was a member

of the Boston Club and the King of Carnival in New Orleans one year. This high society couple entertained General U.S. Grant once at the Baldwin Lodge.

Conservation Corner: The Conservation Officer

Do you believe it is important to protect and conserve our fish and wildlife, their habitats, and other natural resources? If so, be sure to thank a conservation officer, as these men and women are charged with doing just that. The scope of their job covers many facets, and their work is often underappreciated.

There are numerous rules and regulations which govern our hunting, fishing, and trapping activities.

Conservation officers enforce these laws in an assigned area, which in Mississippi, is usually a county. They are state-certified peace officers in addition to being authorized to enforce certain federal laws. This means they can enforce all state laws and may cross state lines if a federal wildlife law has been broken.

While their day-to-day activities may typically involve the enforcement of fishing, hunting, and trapping regulations, these are by no means the only duties carried

out by conservation officers. Their responsibilities vary widely, including, but not limited to: helping biologists evaluate habitat, fish, and wildlife needs in order to protect long- and short-term management goals; conducting annual deer herd health checks; gathering annual census data of various game and non-game species; trapping and banding migratory birds; investigating accidents involving the use of all-terrain vehicles and boats; investigating landowner complaints for items ranging from trespassing to crop depredation; establishing and maintaining working relationships with landowners and the general public; working with schools and communities to promote conservation and compliance with laws; communicating conservation goals to the public through various media outlets; teaching hunter education and boating safety courses; maintaining relationships with other law enforcement agen-

cies; checking hunters and anglers for correct licensing; implementing plans to find and cite or arrest violators; processing violators, along with any evidence, and then submitting the proper reports; documenting state and federal misdemeanors, felonies, and other fish and wildlife violations; interviewing witnesses and interrogating criminal suspects; and assisting with coordinated inter-agency responses to natural disasters. In addition to these duties, a conservation officer must also be able to resolve conflicts; meet and maintain physical fitness standards; use, and qualify with, a variety of defensive weapons and tactics; and operate a variety of vehicles and specialty equipment. These duties and skills may seem overwhelming but only further prove the dedication of the conservation officer.

Conservation officers are on call 24 hours a day, 7 days a week to help maintain the resources and sports that

lars are used for that I’m sure most people don’t agree with.
I for one, would like to see less of my tax dollars going towards corporate bail outs, the military, etc.
I mean, shouldn’t our tax dollars benefit us in a tangible way, one that affects us more directly?
Like education and health care?
Maybe if they renamed it the “Fish Fry Benefit” bill, it would gain some traction.
So, after paying one’s own portion of taxes, paying one’s own bills, etc., people then give up something extra to help people with either their medical bills, funeral expenses, home repairs, etc.
And I have nothing against the people who are in need of the help.
I’m just thinking it would be nice to live somewhere where the cost to pay for necessary medical treatment doesn’t takes years to pay off or require a GoFundMe fundraiser.

This is one of the main reasons people give for not having children and one of the reasons why people put off going to the doctors.
Fundraisers are held ALL the time. My social media feeds are awash with them nearly every day.
So, why is it, when someone hosts a GoFundMe or a benefit dinner, do so many flock to donate their hard-earned money to it?
Some are probably just being good neighbors or helping out a

family member.

Some do it for the glory and photo opportunity of helping the downtrodden.

So, in light of this, why don’t people want a society, a healthcare and education system that benefits everyone?

I know, some will whine about “handouts.”

We also have a whole holiday dedicated to children and young adults walking through neighborhoods knocking on doors and asking for “handouts.”

Then there’s Christmas presents, baby showers, wedding showers, etc.

Why aren’t benefits and fundraisers seen as handouts as well? I never see those types of comments under those posts. The same people that denounce “handouts” are also the same people that offer their thoughts, prayers and sometimes monetary support to their neighbor in need. Is there certain criteria to be met before someone can offer support?

Goodness knows, some will call me names and try to label me this or that. But, I don’t think it’s wrong to want a society that benefits us all, not just the rich and famous.

Even the Bible has something to say about debts and the poor.

Even Deuteronomy 15:1-2 states: “At the end of every seven years, you must cancel debts. This is how it is to be done: Every creditor shall cancel any loan they have made to a fellow Israelite. They shall not require payment from anyone among their own

and felt well. After he died in 1912, the lodge remained in the family. Specifically, in 1922 it was transferred to his daughter, Alice Baldwin Vairin. The lodge was destroyed completely in the Hurricane of 1947, but the pool and some walkways remained.

In conclusion, the early history of the neighborhood and town of Ansley records the struggle

of the hearty pioneers that settled the area to eke out an existence in this vast coastal marshland. These wetlands were replete with abundant fish, seafood, game, and mosquitoes. Jean LaFontaine and his wife, Celeste, are the ancestors of many descendants in Ansley today. The railroad was an important factor in the growth and prosperity of the several towns

along its path. The story of the Baldwin Lodge reveals the attraction of the neighborhood to the New Orleans sportsmen looking to hunt and fish. In forthcoming companion articles, the history of Ansley after 1940 will be presented which will highlight the famous LaFrance Marina and a short biography of “Poss” LaFrance.

GAIL ELIZABETH ROCKWELL NAMI

Gail Elizabeth Rockwell Nami, 74, passed peacefully on Tuesday, August 9, 2022 after a brief battle with lung cancer.

Gail resided happily in Bay St. Louis, Mississippi with her honeybees and flock of chickens.

She belonged to Christ Episcopal Church in Bay St. Louis, MS, and was a member of the American Legion Auxiliary.

As a teen in Michigan, and the oldest of six children, she enjoyed hunting with her father and was a highly skilled archer.

Throughout her life she enjoyed a multitude of tranquil and creative activities. She sewed clothing, costumes, stuffed animals, and quilts using her own hand-dyed fabrics. She enjoyed the arts of batik, crochet, knitting, watercolors, and played piano. She loved outdoor activities including camping, wade fishing, floundering, crabbing on the seawall, and bicycling trails. She loved to scuba and snorkel in the beautiful waters of Florida and Mexico. She was an avid reader and enjoyed the art of letter writing. She loved spending time with her family and cooking signature dishes such as BBQ shrimp, stuffed grape leaves, brisket, oysters rockefeller, trout almonidine, and her famous german chocolate cake and pecan pralines. Her last years were spent tending to her chickens and honeybees, sharing the eggs and honey with family and friends. She loved to share that she was a “flower child” of the 60s.

Gail was preceded by her beloved husband, protector, and soul mate of 52 years, Philip J. Nami, Jr., mother; Patricia E. Spence, father; Lawrence E. “Rocky” Rockwell; sister, Roberta Barrett and stepsons, George Michael Nami, Sr., and Philip J. Nami,

III.

Gail is survived by her daughter, Noel Nadine Nami Allen (Charles Lizana); grandson, “Trey” Gerald E. Allen, III; brothers, Charles Rockwell and John Rockwell; sisters, Susan Baker and Patricia Rockwell (Gordon); Gail loved and cherished her stepsons, David K. Nami (Sharon) and their children Lyndsay, Jordan, Collin and Jesse; stepson, William A. Nami and his daughter Kelly; stepdaughter, Helen Jewel Massarini (Louis) and her children Lauren and Andrew; stepdaughter, Michele Harang (Allan) and her son Frank Von Hoven III; and step-grandson Michael Nami Jr.

Gail served many different titles and lived many different “chapters” of life. She said that she lived a full life doing all of the things she wanted to do. She was a secretary at NASA Michoud in New Orleans East in the 1960s and co-owner with her husband of Johnny White’s Restaurant & Bar in the French Quarter in the 70s and 80s. During a brief retirement from the restaurant business in the early 1980s, she was a volunteer firefighter and EMT at the Diamondhead volunteer fire department, founder of the Hancock County Dive Rescue Squad as a divemaster and dive rescue specialist, and spent many days sewing, crafting, and gardening. In the 1980s, Gail and her husband Philip opened the First Precinct Restaurant & Lounge in Bay St. Louis where they sponsored open house holiday meals for anyone who needed a place to have a holiday dinner. She later became the medical officer for the Hancock County Sheriff’s Office. During and after hurricane Katrina, she volunteered with emergency services in Bay St. Louis. Her latest occupation was bookkeeping for beloved friends Tom and

Sam.

He was preceded in death by father, Ronald Malone and brother Jeffrey. Bryan requested no funeral service and cremation.

Zoe Bowers, and for the family of Kathleen and Clayton Fucich, whose family she cherished as her own.

The family would like to thank Gail’s nurses and doctors at Hancock Ochsner and Slidell Memorial ICU for their compassion and tender care of Gail. You make a difference.

The family would also like to thank dear friend Pamela SanFillippo for her encouragement, care, and support during Gail’s illness; Angel and Donnie for granting a final, loving task of harvesting the honey from Gail’s beehives; and countless friends who offered their support, love, and prayers.

In lieu of flowers, her family asks that donations be made to Ruth’s Roots Community Garden- Please make checks payable to Hancock Community Development Foundation with “Ruth’s Roots” on the memo line and mailed to Hancock County Chamber of Commerce: 100 S. Beach Blvd. Bay St. Louis, MS 39520 or Friends of the Animal Shelter in Hancock County: P.O. Box 2274 Bay St. Louis, MS 39521.

The family would like to bring awareness to lung cancer and to encourage smokers to please seek a smoking cessation program.

A Prayer Service will be held Saturday, September 3, 2022 at 10:00 a.m. at Christ Episcopal Church in Bay St. Louis, MS.

Edmond Fahey Funeral Home is honored to serve the family and friends of Gail Elizabeth Rockwell Nami.

Waveland police nab Bay man in commercial burglaries

ECHO STAFF

Officers of the Waveland Police Department last week arrested a Bay St. Louis man in two commercial burglaries.

Last Sunday, “Waveland officers were dispatched to an active burglar alarm at 2006 Waveland Ave., High Tide Laundromat,” Chief Michael Prendergast said in a press release. “The business owner arrived on the scene to open the laundromat and the alarm set off and was not sounding like it normally does. He checked the system and realized the alarm pad wires had been cut. There were several things out of place and the surveillance cameras had been tampered with.”

Officers spoke to

people in the area and learned that a man had been behind the building about 20 minutes before the police arrived, Prendergast said. The next morning, the owner of a business next to the laundromat called and said some had been in the building and the power breaker had been turned off.

“Investigators viewed surveillance video from the laundromat and identified the suspect as Gabriel Singleton, 33, of Bay St. Louis,” Prendergast said. “Later that evening, officers located Singleton at the Circle K in Waveland. Mr. Singleton was arrested and charged with two counts of commercial burglary,” and was transported to the Hancock County Justice Facility.

Gabriel Singleton

According to jail records, Singleton was still being held as of press time on Tuesday, with \$10,500 in bonds on the commercial burglary charges and a charge of contempt of court — failure to appear; and was being held for the Mississippi Department of Corrections with no bond.

Booker Fest scheduled at 100 Men Hall

SEA COAST ECHO

The 100 Men Hall hosts its third annual Booker Fest to celebrate the musical genius of James Booker on Friday, September 2 thru Sunday, September 4, 2022. The festival is Bay Saint Louis’ own music festival with top musicians and performers, food trucks and a drag brunch!

James Carroll Booker III (December 17, 1939 – November 8, 1983) was a New Orleans rhythm and blues keyboardist born in New Orleans, LA and raised by an aunt in Bay St Louis where he attended St. Rose de Lima and learned classical piano. Booker’s unique style combined rhythm and blues with jazz standards. Musician Dr. John described Booker as “the best black, gay, one-eyed junkie piano genius New Orleans has ever produced.” The gifted artist played on the historic stage of 100 Men Hall and throughout the Bay.

The September weekend will include a night with Joe Krown Trio, a morning gospel tribute by St. Rose de Lima, a piano tribute to Booker led by two of New Orleans piano greats, Josh Paxton and Joe Ashlar, followed by spoken word artist Sunni Patterson, then the award winning voice of Quiana Lynell and her band, a good time with comedian Rita Brent, all while screening Lily Keber’s acclaimed documentary on Booker, Bayou Maharah, AND ending the weekend with an outrageous Drag Brunch by Catastrophe, Zamareyah, Latonia and Misty in Booker’s honor. Sound by Jesse Loya.

Rachel Dangermond, owner of 100 Men Hall, credits the support of multiple sponsors for Booker Fest’s production, “The 100 Men Hall is grateful to our long time major sponsor, the Silver Slipper Casino, with additional sponsorship from Mississippi Gulf Coast National Heritage Area, Coldwell Banker Alfonso Realty, as well as donations from Ann Madden Photography, Hollywood Casino, Cathead Distillery, and Shoofly Magazine. Their support is making this event possible.”

James Booker was born James Carroll Booker III on December 17, 1939, in New Orleans, and was influenced by his church and Baptist minister parents and grandparents, who played piano. Booker was a child prodigy who loved classical music (especially Bach) and part of his amazing skill lay in an ability to blend a Rachmaninoff tune with a rolling blues piano riff. After his father became ill during Booker’s early childhood, he and his sister Betty Jean were sent to live with his aunt in Bay St. Louis, Mississippi.

Opening the event on Friday night will be the Joe Krown Trio – Krown is a resident of New Orleans with a home in Pass Christian. He is a New Orleans-styled piano and Hammond B-3 player. He has played the New Orleans Jazz and Heritage every year since 2001 and the French Quarter Festival every year since 1998. From September 1996

to June 2001, Joe held the Traditional Piano Night slot at the Maple Leaf Bar in New Orleans, which was once occupied by James Booker. After the untimely passing of the legendary great Allen Toussaint in November 2015, Joe was selected to fill the maestro’s chair by playing piano with Toussaint’s band backing up greats like Bonnie Raitt, Aaron Neville, Irma Thomas, Dr. John and more at the 2016 New Orleans Jazz Fest, Hollywood Bowl, Midsummer swing at Lincoln Center and more. He has played the WWOZ Piano Night every year since 1996 to current and has been the producer of Piano Night since 2017. He has led a trio with Walter Wolfman Washington since 2007. Krown has toured with Mavis Staples, Allen Toussaint, North Mississippi All-Stars, Charlie Musselwhite and many more and toured in over 50 countries as either a member of the Kenny Wayne Shepherd Band, Clarence Gatemouth Brown Band or as the featured artist. Listen: <https://youtu.be/D51r62xINJg>.

Saturday’s lineup includes:

St. Rose Gospel Choir - Considered the best Southern Gospel choir in the region, the St. Rose choir was already a Bay Saint Louis institution when James Booker played there. Several members sang when Booker played in the choir. The choir has been featured in the gospel tent at the New Orleans Jazz & Heritage Festival.

Josh Paxton - In a city known for its piano players, Josh Paxton stands out from the crowd. By combining New Orleans’ deep piano traditions with modern jazz twists, classical technique, and a funky rhythmic drive, he creates a unique and memorable style that led Dr. John to describe him as “[freakin’] blessed.” Josh moved from his native Ohio to New Orleans in his early 20s to study with jazz patriarch Ellis Marsalis. After earning his degree, he quickly found himself in demand as a solo performer and sideman, playing solo sets at festivals in and out of town, and touring and recording with such diverse acts as the Wild Magnolias, Li’l Queenie, the Cosmic Krewe, Maria Muldaur, and Bruce Hornsby. And by doing the first written transcriptions of the music of piano legends Professor Longhair and James Booker, he solidified his reputation as a serious scholar of the city’s musical heritage. Listen: <https://youtu.be/Q-Kj8ySDv1M>.

Joe Ashlar - Pianist and organist Joe Ashlar has been performing music professionally around the US and internationally since age ten. He has studied with Barry Harris, Dave Santoro, Bruce Barth and Dr. Lonnie Smith. Joe his a regular on the New Orleans music scene, playing Hammond organ for music legend Dr. John. In addition, he stays busy with studio work, and locally can be seen with many notable artists, including Stanton Moore, John-

Why Religion?

By REV. C. GERALD RICHARDSON, D. MIN

C. GERALD RICHARDSON, D. MIN.

It is common for people to raise questions regarding the role of religion in the human experience. Why do we observe the seemingly arcane rituals which accompany many of the practices in the community of organized faith? Why do we sing

the hymns, recite the creeds and affirmations, offer the prayers, receive the sacraments, and gather with the faithful on a consistent basis? What is it that keeps drawing many of us back to sacred spaces week after week?

To be totally honest, there are increasing numbers who have given up on such activities. They seem to find such habits to be part of an ancient mythology which no longer touches their existence. They will often say that while they have their own spirituality, they are not religious. They have little tolerance for the claims and expectations

which many churches hold as necessary for true faith. They may cite the many failures of churches and some of those who lead it.

Of course, there is a measure of truth in some of these observations. The church is not, nor has it ever been, a perfect institution. This should surprise none of us. It is, after all, made up of people, and, like all human undertakings, mistakes and failures are frequent.

One serious error of the church has always been its tendency to declare itself the bastion of all truth, and to tout a level of simplicity which, frankly, does not ex-

ist. We may sing “Only Trust Him” or “Blessed Assurance”. We may declare that becoming a Christian or adhering to some other spiritual path is a mystical transaction in which we confess to a prescribed formula, and God responds with a reciprocal commitment, but in reality, it is more than that.

Faith communities consist of spiritual pilgrims. They are seekers. They wrestle with difficult issues. They strive for enlightenment regarding hard questions. They look for support among those who are on the journey with them. They do not always agree

with each other on doctrinal matters nor the implications which are presented. What they do find in the most effective congregations is community. They find people who are willing to join them on this magnificent quest. They discover, with the Apostle Paul of the New Testament, that “We hold this treasure in clay jars, or in the King James version, “earthen vessels”. They do not turn away from difficult questions, but like Jacob in the Old Testament, they wrestle through long nights striving for the blessing. Sometimes it comes in unexpected ways. We may walk away with

a limp or other sign of struggle. Sometimes we may not be sure if there is an answer at all.

It is the community which keeps us going. It gives us courage. It holds us up. It offers strength beyond ourselves. Some years ago, a popular song contained the line, “Out on the road that lies before me now, there are some turns where I will spin. I need someone to hold me now ‘til I can gain control again.” That is the hope the church offers. With all its faults, that is why I stay. I am thankful to be part of it.

ADVERTISEMENT FOR BID
The Hancock County Water and Sewer
District will receive sealed bids no later than
1:30 p.m., Local Time, Thursday, September
22, 2022, at the Hancock County Water and
Sewer District office building, 7040 Stennis
Airport Road, Kiln, MS 39556. All bids so
received will be publicly opened and the bid
amount read aloud for the following project:

Hancock County Water and Sewer District
FEMA 4626 PW 96
Residential Grinders Hazard Mitigation
Project
Hancock County, Mississippi

The work included in the Contract shall
consist primarily of construction of the
following items:
Elevation of existing control panels, vents,
ground wire, grounding rod and electrical
modifications and for grinder pumps
damaged due to Hurricane Ida.
The above general outline of features of the
work does not in any way limit the
responsibility of the Contractor to perform all
work and furnish all plant, labor, equipment,
and materials required by the specifications
and the drawings referred to therein.
The Hancock County Water and Sewer
District, hereby notified all Bidders that it
will affirmatively insure that in any contract
entered into pursuant to this Advertisement,
Disadvantaged and Women's Business
Enterprises will be afforded the full opportunity
to submit bids in response to this invitation
and will not be discriminated against on the
grounds of race, color or national origin in
consideration for an award.

Bid documents are non-refundable and must
be purchased through the website. Questions
regarding website registration and online
orders are to contact the Plan House at
(228) 248-0181. No partial sets of drawings
or project manuals will be issued. No
contract documents (hard copies or electronic
copies) will be issued to Contractors within
twenty-four (24) hours of the time indicated
above for receiving bids.
Bids must be submitted upon the standard
forms contained within these contract
documents furnished by Engineer, noted in
the Information for Bidders. Each bid shall
be accompanied by a Certified Check on a
solvent bank or a Bidder's Bond issued by a
Surety Company licensed to operate in the
State of Mississippi, in the amount of five
percent (5%) of the total bid price, payable to
the Hancock County Water and Sewer
District as bid security. Bidders shall also
submit a current financial statement, if
requested by the District. The successful
bidder will be required to furnish a
Performance Bond and a Payment Bond each
in the amount of one hundred percent (100%)
of the contract amount.

The required documents shall be submitted
in a sealed envelope and the outside of
the envelope shall be marked plainly as:

IN THE HAMILTON SUPERIOR COURT
ROOM NO. 5
STATE OF INDIANA
COUNTY OF HAMILTON
IN THE MATTER OF THE ADOPTION OF
INFANT MALE HOLT
CAUSE NO. 29D05-2208-AD-1201
NOTICE OF ADOPTION
The unnamed putative father of the child
born to Alexis Holt, on August 17, 2022,
or the person who claims to be the father of
the child born to Alexis Holt, on August 17,
2022, is notified that a petition for adoption
of the child was filed in the office of the
Clerk of the Hamilton Superior
Court, Room No. 5, One Hamilton County
Square, Noblesville, Indiana. If the unnamed
putative father seeks to contest the adoption
of the child, the unnamed putative father
must file a motion to contest the adoption in
accordance with IC 31-19-10-1 in the above
named court within thirty (30) days after the
date of service of this notice. This notice may
be served by publication. If the unnamed
putative father does not file a motion to
contest the adoption within thirty (30) days
after service of this notice, the above named
court shall hear and determine the petition for
adoption. The unnamed putative father's
consent is irrevocably implied and the
unnamed putative father loses the right to
contest the adoption or the validity of the
unnamed putative father's implied consent
to the adoption. The unnamed putative father
loses the right to establish paternity of the
child, by affidavit or otherwise, in Indiana or
any other jurisdiction.

Nothing Alexis Holt or anyone else says
to the unnamed putative father of the child
relieves the unnamed putative father of his
obligations under this notice. Under Indiana
law, a putative father is a person who is
named as or claims that he may be the father
of a child born out of wedlock but who has
not yet been legally proven to be the child's
father.
This notice complies with IC 31-19-4-4, but
does not exhaustively set forth the unnamed
putative father's legal obligations under the
Indiana adoption statutes. A person being
served with this notice should consult the
Indiana statutes.

NOTICE OF AN INCREASE TO RATES
& FEES AND A PUBLIC HEARING ON
THE PROPOSED FY 2022/2023 BUDGET
FOR DIAMONDHEAD WATER & SEWER
DISTRICT.
The Diamondhead Water & Sewer District
will hold a public hearing on its proposed

FY2022/2023 Budget and increase to its
Rates & Fees on Thursday, September 8,
2022 at 4:00pm during its regularly
scheduled Board Meeting held at City Hall
Council Chambers, 5000 Diamondhead
Circle, Diamondhead, MS.
The District is now operating with projected
budget revenue of \$4,906,337. For next fiscal
year, the proposed budget has a total
projected revenue of \$5,356,335. The District
is now operating with projected expenditures
of \$3,071,032. For next fiscal year, the
proposed budget has total projected
expenditures of \$3,191,559. The District
is now operating with a projected capital
outlay of \$6,977,000. For next fiscal year, the
proposed budget has a total projected capital
outlay of \$13,479,000.
For next fiscal year, Diamondhead Water
& Sewer District plans to increase water
& sewer rates by approximately \$1.05 per
1,000 gallons with no change to the
minimum, increase of connection fees by
approximately \$90.00, and increase after
hour service fee by \$10.00, in accordance
with the District Rate & Fee Schedule. This
increase is due to the current high cost of
inflation and supply cost increases throughout
the industry.
Any customer of Diamondhead Water
& Sewer District is invited to attend this
public hearing and will be allowed to speak
for a reasonable amount of time.

I. INVITATION FOR PROPOSALS The City of Bay St. Louis is requesting proposals from qualified firms for the Operations and Maintenance of the Streets and Drainage Divisions of the City of Bay St. Louis, Mississippi.

Seven (7) sealed copies of the completed proposal must be received at City Hall - City Clerks Office, 688 Highway 90, Bay St. Louis, MS 39520, no later than 2:00 p.m. on October 10, 2022, at which time all information will be received, acknowledged, prices read aloud, and distributed to the selection committee for consideration. Any proposal received after this deadline will be returned unopened. Request for Proposal packages may be obtained at Engineering Excellence, contact Kris Riemann - kris@engineeringexcellence.com. All inquiries should be directed in writing to Engineering Excellence, at same e-mail, no later than seven (7) days prior to the opening date of the proposal. Proposals may be held by the City of Bay St. Louis, Mississippi, for a period not to exceed sixty (60) days from the date of receipt of proposal. The selection committee will review each proposal based on the below listed grading criteria and select a qualified firm. The committee may develop a short list from which interviews will be scheduled. The award will be made on a quality based selection from a review only of data submitted in response to this RFP. A written contract may be awarded to the individual/firm whose proposal is determined by the committee to be the most advantageous to the City. Proposals for this project will be rated according to the following criteria totaling 100 points:

Criteria	Percentage
1. Price	40 %
2. Customer Satisfaction	15 %
3. Experience in Managing Contracts of Similar Scope and Complexity	10 %
4. Vendor Stability & Solvency	10 %
5. Interview	10 %

The impeller shall be multiple vane, centrifugal type, constructed of Class 30 cast iron, designed for maximum allowable flow. All external mating parts shall be machined and Buna-N Rubber O-ring seals. Fiber or paper gaskets shall not be acceptable. All fasteners exposed to the pumped liquid shall be 316 series stainless steel. The grinder unit shall be integrally built with a submersible type motor. The grinder pump shall be capable of macerating all material in normal domestic and commercial sewage including reasonable amounts of foreign objects such as small wood, sticks, plastic, thin rubber, sanitary napkins, disposable diapers and the like to a fine slurry that will pass freely through the pump and 1-1/4" discharge pipe. Pump weight shall not exceed 85 lbs. 1.1.1.Electrical Power/Control Cord 1.1.1.1. The motor power cord shall be 12 GA., SOOW water resistant CSA/UL approved. 1.1.1.2. The pump shall be protected with, and epoxy filled sealing gland. Stator lead connection to the power cord shall be accomplished outside the motor compartment and free from any oil. 1.1.1.3. The cord cap assembly shall be sealed with a sealing gland and filled with epoxy resin to prevent water from entering the pump if the cord is cut. 1.1.2.Motor 1.1.2.1. Pump Motor shall be of the air filled type to promote superior cooling and longevity. Motor shall be at a minimum three horsepower (3HP), operating at maximum FLA amperage of 14.4 and shall rotate at a minimum of 3600 RPM 1.1.2.2. The stator, rotor and bearings shall be mounted in a sealed submersible frame. The stator winding shall be of the open type with Class F insulation, (155 C or 311 F) and NEMA B design (3 phase), NEMA I design (single phase). Single phase motors shall be capacitor start, capacitor run type for high start torque. Capacitors must be changeable in field. 1.1.2.3. Pump shall be equipped with Overloads. The overloads shall be current sensitive, being current sensitive, as the current increases the heat increase until therefore opening the temperature sensitive device. It (they) shall be mounted directly in the stator and sized to open between 100±5°C and automatically reset at 87±9°C. 1.1.2.4. The stator shall be securely held in place by a press fit for maximum heat dissipation. Drop in or bolt down stators shall not be considered equal or allowed. The stator must be capable of being repaired or rewound

by a local motor service center. 1.1.2.5. The motor frame shall be air filled for maximum heat dissipation by transferring heat from windings and rotor to outer shell. The pump and motor shall be specifically designed so that they may be operated two thirds or completely submerged in the liquid being pumped without compromise. The pump shall not require cooling water jackets. Dependence upon, or use of water jackets for supplemental cooling shall not be acceptable. 1.1.3.Bearings and Shaft 1.1.3.1. Motor shall have an upper single row ball radial bearing and two (2) lower double row ball thrust bearing. Ball bearings shall be designed for 65,000 hours B-10 life. Bearings are to be permanently lubricated by grease. Oil lubricated bearings shall not be accepted. 1.1.3.2. The common motor pump and grinder shaft shall be machined from solid #400 series stainless steel and be designed for minimum shaft overhang to reduce shaft deflection and prolong bearing life. 1.1.4.Mechanical Seals 1.1.4.1. Motor shall be protected by a triple seal system. Two mechanical seals mounted in tandem with a lip seal between the pumped media and the mechanical seal. This will prevent stringy material from hampering the springs effectiveness. Seal chamber shall be oil filled to lubricate seal face and to transmit heat from shaft to outer shell. The rotor and stator in the motor housing shall be separated and protected from the pumped liquid by an oil filled seal housing incorporating One (1) Silicon Carbide vs Silicon Carbide and One (1) Carbon Ceramic vs Carbon Ceramic mechanical seals mounted in tandem. Single seal protection will not be considered equal. All hardware is to 300 series stainless steel and sealing elastomers are to Buna-N Rubber. 1.1.5.Pump Impeller 1.1.5.1. The impeller shall be designed for rough duty service and shall be of a ten vane, vortex design with hydrodynamic pump out vanes on the rear shroud. The impeller shall be constructed of cast iron. The impeller shall be of a non-overloading design. Impeller is to be keyed onto the pump/motor shaft. 1.1.6.Grinder Construction 1.1.6.1. Grinder assembly shall consist of grinder impeller and shredding ring and shall be mounted directly below the volute passage. Grinder impeller shall be threaded onto stainless shaft and shall be locked with nut and washer. The shredding ring shall be pressed into iron holding flange for easy removal. Flange shall be provided with tapped back-off holes so that screws can be used to push the shredding ring from housing. All grinding of solids shall be from action of the 16 rotating cutter impeller against the 27 stationary shredding ring cutters, producing 24,840 cuts per seconds to none. All grinder cutters and shredding ring shall be of 440 C stainless steel hardened to 58-60 Rockwell C. The Hancock County Water & Sewer District will receive the sealed bids for the grinder pumps at their office located at 7040 Stennis Airport Road, Kiln, MS 39556 until 1:00 P.M. CST, September 22, 2022, and then at said office will be publicly opened and read aloud at the board meeting at 2:00 P.M. The District reserves the right to accept or reject any or all bids received that do not meet the specifications of the advertisement. Ordered by a motion of the Board of Commissioners at their board meeting dated August 11, 2022. Hancock County Water and Sewer District is an equal opportunity Service Provider and Employer. 08/31/22, 09/07/22

Sunday will feature the 100 Men Hall's favorite and most talented drag queens - Miss Catastrophe Nicole Knight, Zamareyah Dawn, Misty Bordeaux Knight, and Latonia Love. Booker loved to dress up in flamboyant costumes

and often wore a wig. He would joke or flirt with a guy in the audience while playing. He would engage in lengthy dialogues with the audience – or lecture or even scold it. He was a consummate performer, cross dresser, and musical genius.

Screening in the VIP room throughout the Fest, is a documentary directed by Lily Keber, Bayou Maharajah chronicles the life and music of this colorful, troubled figure, legendary in New Orleans but obscure elsewhere. The film features extensive performance and interview footage of Booker, who died in 1983 at age 44. "I've got some blues that contains old soul with new wrinkles," the pianist says in a clip featured in the trailer, perhaps referencing the way his style seamlessly incorporated classical, jazz and gospel.

In his 20s, Booker worked with the touring bands of B.B. King and Aretha Franklin and in 1970, mysterious trouble led Booker to lose his left eye; afterwards he began to don an iconic eye patch. Attendees will be able to purchase Booker Fest merch, a signed limited edition posters, as well as Booker Fest eye patches created by artist Ann Madden and Booker Fest earrings and night lights by Darrin Butler at the Fest.

Throughout the weekend, attendees will have the opportunity to purchase food: Friday – Coasty Food Truck, Saturday - Burger Box, Sunday – Makin Groceries.

In addition to purchase of non-alcoholic beverages, fest attendees will have the opportunity to purchase, Cathead Vodka specialty batch Booker Bliss, Lazy Mag-nolia and other beer, wine, and spirit (pints) set ups at the 100 Men Hall bar.

Tickets for each of the weekend events as well as a wrist band allowing entry to ALL events can be purchased online at <https://the100menhall.com/products/booker-fest-2022> and available at Will Call throughout the weekend. Tickets and wristbands purchased at the door during the event will be priced higher and based on availability.

Keep feeders full for fall hummingbird migration

BY DR. GARY R. BACHMAN
MSU EXTENSION SERVICE

Over the weekend, we had a most welcome visitor return to my home garden and landscape after an absence of several months. Our first hummingbird of the fall season arrived, and this was an indicator of lots of activity in the next few weeks.

I get excited to see the first fall hummingbirds because it means they're going to start gathering all along the Gulf Coast in preparation for their fall migration.

Earlier this spring, I wrote about great plants you can use to attract hummingbirds to your garden. And while it's most likely too late for this year, you can use those suggestions as a guide as you plan your 2023 landscape.

So instead of consid-

ering great hummingbird garden plants, today I want to share some interesting facts about hummingbirds.

For being so small, hummingbirds have incredible migration patterns.

They literally fly thousands of miles between their overwintering grounds in Mexico and Central America to their breeding grounds throughout North America. Some take the longer land route and follow the coastline of the Gulf of Mexico. It is amazing to realize that others fly nonstop straight across the Gulf of Mexico.

As I delved deeper into hummingbird facts, I learned that ruby-throated hummingbirds, which are the primary ones that I see, can fly 500 miles nonstop.

Maybe that's one of the reasons most gardeners are enthralled

with hummingbirds and also Monarch butterflies. Such tiny creatures take what seems to be unbelievable journeys when sometimes it's a chore for me to go to the corner grocery store.

Sugar, as in glucose, is a great food and energy source for these tiny birds as they get ready to head farther south. And do they ever love sugar!

Hummingbirds have a really high metabolism. They beat their wings 50 times a second and have a heart rate of over 1,000 beats a minute. Because of the energy needed to sustain that kind of effort, they can consume twice their body weight every day.

While hummingbirds have the hummer nickname, they don't actually hum. They do have an unmistakable whirring sound from their wings beating so fast. They also have a high-pitched

chatter.

If you haven't already done so, now is a perfect time to put those hummingbird feeders out.

You can buy ready-mixed feeder solutions, but I think it's easier to make your own sugar water. The recipe is simple: four parts water to

one part pure cane sugar. Do not use honey or brown sugar, as this can make the hummingbirds sick.

Boil this solution and allow it to cool before adding it to the feeders. It's not uncommon to have to make several batches a week.

So, enjoy the hummingbirds this fall as they get ready to migrate south. You'll see lots of activity around the feeders for weeks, and then one day, they'll all be gone. Until next spring

Shore Thing: Back in Black

Shore Thing Fishing Report
By Cpt. Sonny Schindler

Harold "Pokey" Black has been coming back to the coast to fish with us the last several years. A D'iberville native, now living and working in Nashville, TN Pokey has to get back home a couple times a year. We always look forward to seeing our buddy Pokey. Even though he grew up on the other side of the coast, we still frequented

some of places he did, and even have a couple mutual friends. It's always a treat to share those "Pre-Katrina" stories from the good ole days.

One thing we have been doing, is making some memories, present day.

His last visit was one for the books. The entire trip was good, but the highlight came on our second day of a multi day/night trip out at the Cat Island house. We had stumbled into a school of big fish feeding on rain minnows and jumbo shrimp the day before. They had jacks, sharks, even tarpon feeding in them. We were cruising around the island seeing if we could locate the chaos again. Pokey's partner in crime Naylan, was really wanting a bull red. Naylan had never caught a bull, and

that's all he wanted to do. As we were rounding Smugglers Cove, we noticed what seemed like hundreds of gulls, terns, and pelicans feeding right along the beach. As we eased the boat into the first sandbar, I honestly thought my eyes were playing tricks on me. What I was seeing was dozens of bull reds cruising back and forth along the bar. Our first cast was with a Boat Monkey popping cork and a live croaker. The croaker lasted all of two seconds before a bull red inhaled it. Unfortunately, several other bull reds attacked the popping cork, causing us to loose the fish that was on the hook. We grabbed some of the heavier rods, and went back to work. Naylan got his first ever bull red on the next cast. Pokey was throwing a large popper and catching the hun-

gry bull reds on almost every cast. Before long, Captains Matt and Kenny pulled up next to us, and got in on the fun. We tagged, photographed and released numerous big redfish. The fish stayed on that sandbar for hours, and so did we. We went back several times that week, to see if the bull reds would come back. We never saw them again.

It was one of the most insanely good sight fishing experiences I've ever seen. It was even better having Pokey and Naylan on the boat to share such an incredible trip. We are gonna have a tough time topping this last trip. Hopefully we can find something even better the next time our fiend Harold "Pokey" Black and his buddies are back fishing with us. Back in Black!!!

kitty CORNER

Sweet Andretti, a 6 month old Siamese mix, was surrendered because his owner had too many cats. Understandably, he's a little shy about asking for pets and love, but he really loves attention, so just a little patience is required to get this baby purring like crazy. He will sleep next to you at night, and amuse you with his play all day. He is also super handsome, with beautiful blue eyes. Please give Andretti the happy, loving home, as an inside kitty, that he deserves.

HELP! The Shelter is overrun with kitties! Every color, every kind! Please come and adopt!

Meet Lindy. We are hoping that this baby will be lucky in love, soon. This 7 year old Terrier mix is quite petite, and may be an ideal companion for a single person or couple looking for a more mature friend, but one that is still active enough to share walks, cuddles and playtime. Lindy is certainly no "couch potato," and is still lively and fun, but most definitely a lap dog. Her size and age are complementary to apartment living, or for a home with a small fenced backyard. Lindy shares a kennel with another friendly dog, so she could easily join a home with existing family pets. Lindy has not met any children while at the shelter, but we feel she'd be great with them, as she is so gentle and calm. This sweet girl is super affectionate and yearns to be part of a family. She will fill your home with joy and love. You can meet Lindy during our visiting hours: Mon, Wed-Fri 10am-3:30pm or Tues 1pm-3:30pm, or you may call our front desk at 228-466-4516 or 985-285-2244 to schedule an appointment. NOTICE OF A PUBLIC HEARING

ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR CITY OF WAVELAND

The City of Waveland will hold a public hearing on its proposed budget and proposed tax levies for fiscal year FY-22-23 on September 7, 2022, at 6:30PM at City Hall at 301 Coleman Avenue, Waveland, MS 39576.

The City of Waveland is now operating with projected total budget revenue of \$14,259,814.39 and 21.03 percent or \$2,999,350.35 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has total projected revenue of \$19,976,897.01. Of that amount, 14.86 percent or \$2,968,581.30 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for fiscal year FY22-23 above the current fiscal year's ad valorem tax 'pillage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for fiscal year FY 22-23.

Any citizen of City of Waveland is invited to attend this public hearing on the proposed budget and tax levies for fiscal year FY 22- 23 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

Hawks soar to 35-0 victory in season opener

BY DWAYNE BREMER
CONTRIBUTING WRITER

Hancock’s Mason Cranmer, who missed his entire junior season to injury last season, returned Friday and he, and his Hawk teammates, dominated the Pearl River Central Blue Devils, 35-0 in the 2022 season opener.

“It felt great to get back out there with my team, Cranmer said. “We have all been working hard and looking forward to the season. This was a great start.”

Hawks’ Head Coach Neil Lollar agreed with Cranmer’s assessment.

“I thought we played well in all phases to-night,” Lollar said. “The field conditions were poor because of the rain, but we overcame that. I’m proud of the effort we showed, from the players down to the coaches.”

The Hawks defense set the tone early when Landon DeWitt and Ryder Island registered tackles-for-a-loss on the Blue Devils first drive.

After forcing a punt, the Hawks marched 85 yards on 11 plays for the games’ first score.

Cranmer got things going with an 18-yard run. He then hauled in a 16-yard pass from Dylan Moran to give the Hawks

a first down at the 38.

Four plays later, Moran connected with Neil Acker for a 28-yard touchdown.

Finn Cowan added the point-after to give the Hawks a 7-0 lead.

Two plays later, Hawks defensive lineman Leonard Kemper forced a fumble that the Hawks recovered at the 45.

Speedy tailback Destin Coleman then took a pitch and raced 55 yards for a touchdown.

The point-after was no good, but the Hawks led 13-0.

Coleman finished the game with 93 yards rushing and two scores.

In the second quar-

ter, the Hawks extended their lead when Cranmer scooted into the endzone on a five-yard run.

Moran connected with Tanner Ladner on a two-point conversion to give the Hawks a 21-0 lead.

Hancocks’ Xavier Gannier had an interception to stop the next PRC drive and the score remained 21-0, Hancock, going into half time.

After the half, Hancock took complete control of the game, driving 65 yards to take a four score lead.

Coleman capped the drive with an 18-yard run.

Cowan’s point-after made the score 28-0.

Later in the third, Mo-

ran connected with Ladner on a six-yard touchdown pass to push the score to 35-0.

In the fourth, Cowan and Colby Kern both collected interceptions to seal the Hawks win.

Moran finished the contest with 178 yards on 11 completions. Zach Gullung rushed for 81 yards and Cranmer rushed for 47 yards and caught four passes for 28 yards.

On Defense, Dewitt and Island both registered a sack and four tackles-for-a-loss.

The Hawks will host the Vancleve Bulldogs Friday in their home opener.

Warriors wreck Rocks 41-14

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-A-Chaws opened the 2022 season on the road against the d’Iberville Warriors on Friday. The first half began fast for SSC but the frenetic pace was something that the Rocks were not able to maintain in the second half as the Warriors scored 27 unanswered points in a 41-14 victory.

The Rocks (0-1) started the game on defense as the Warriors (1-0) maneuvered their way down to the SSC 10 yard line before fumbling on a rollout pass play. Chandler Chapman picked up the loose ball at the Rock 25 yard line and sprinted 75 yards for the game’s first touchdown with 8:44 left in the first quarter. Evan Noel converted the PAT to make the score 7-0.

The Warriors went right back to work on the ensuing possession and Aziyon Abraham ripped off a 59-yard scoring run with 7:20 left in the opening quarter. Braylon Surber converted the PAT to knot the score at 7-7.

SSC answered immediately with a 89-yard scoring strike from Hudson Osborne to Canye Bankston with 6:50 remaining in the first quarter. Noel’s PAT gave SSC a 14-7 lead.

The sprinters pace of the game slowed for both teams until Abraham scored from one yard out for the Warriors. Surber’s PAT tied the score at 14-14 going into intermission.

In the second half, the Rocks fumbled on their second play from scrimmage near midfield.

The Warriors scored the first of their four touchdowns in the second half when Kevin Rogers scored on a

50-yard run with 9:51 left in the third quarter. Surber’s PAT helped give the Warriors the lead for good.

The Rocks would throw two interceptions in the second half that led to two more scores by the Warriors. They would add another to close out the scoring in the game.

SSC head coach Nate Encrapera commented, “We did not play well to-night even in the first half. We did not perform the way we expect to play. Now, some of that is credit to the Warriors. They are a team that is used to winning. We did do some things well but our base fundamental actions were simply poor. I have to do a better job getting us ready mentally. We have not developed enough depth and that has to be remedied. We have a tough Long Beach team coming to play and we must be ready mentally and physically.”

The Warriors rushed 66 times for 506 yards in the game.

The Rocks managed just 37 yards rushing on 13 carries while throwing for 144 yards on 9-for-25 passing. Bankston led the Rock receivers with two catches for 96 yards and a touchdown.

On defense, SSC was paced by Chapman with 11 total tackles including 8 solos and a 75-yard fumble return. Jacob Bradford added 8 tackles and Bruno Dall had 7.

The Rocks will open their home schedule against the Long Beach Bearcats ‘between the walls’ on Friday night. Last week the Bearcats fell to the Pass Christian Pirates 56-20. Kick-off is slated for 7:30 p.m.

Tigers fall in season opener

BY MAURICE SINGLETON
CONTRIBUTING WRITER

Bay High gave up two early touchdowns to West Harrison in Gulfport on Friday, and that margin proved too much for the Tigers to overcome as they dropped their season opener to the Hurricanes 28-7.

The Tigers were overwhelmed by the Hurricanes on both sides of the ball, but the defense struggled to slow down a punishing Hurricanes' rushing attack that sustained

long scoring drives on the home team's first two possessions, which set the tone of the game.

The Hurricanes drove the game's opening possession 83 yards on eleven snaps for their first score. Then, after holding Bay to 21 yards of offense, a first down and a punt, the Hurricanes went 73 yards on twelve plays to increase their lead to 14-0 on the fourth play of the second quarter.

"The entire game was totally dominated and controlled by West Harri-

son," said Bay High head coach Jeremy Turcotte. "I take my hat off to Coach Quincy Patrick and his staff who did an incredible job. All the blame for our shortcomings tonight falls on my shoulders.

"We couldn't get off the field after third down defensively, and we couldn't execute offensively. Missed tackles and blown assignments, defensively, and offensively, we couldn't put it all together," added Turcotte. "Dropped passes after dropped passes was

the name of the game offensively."

The Tigers opened the second half with a 61-yard drive, highlighted by a 35-yard Jaylen Antoine carry to the visitor's 17 yard line. But the drive ended when the Tigers failed to convert on a fourth down pass attempt.

The Tigers finally got on the scoreboard on their second possession of the second half as Alex Bellew connected with Avery Harris for a 24-yard pass for the touchdown. Brennan Acosta kicked

the extra point for the Tigers final score as the Tigers trailed 21-7.

That Tigers' drive was highlighted by two huge first downs by the Tigers, the first a 17-yard completion from Bellew to Jaden Clark to move the ball near midfield. Two plays later Bellew, looking for a receiver downfield, found a running lane near the Tigers' sideline and broke free for a 19-yard gain to the home team's 35 yard line.

The Hurricanes responded with another

long, sustained drive, this time 71 yards on 13 plays to close out the game out the game's scoring.

Antoine led Bay High rushers with 77 yards on on twelve carries. Bellew led Tigers' passing with three completions on 13 attempts for 44 yards and a touchdown and an interception.

Bay High (0-1) will host Sumrall at J.D. McCullough Stadium Tank Williams field this Friday at 7:30 p.m.

Hancock wins OLA tournament

BY JOSEPH W. GEX, II
STAFF WRITER

The Hancock Lady Hawks had a terrific week on the volleyball court. The Lady Hawks won two regular season matches and went 4-0 in the OLA tournament for the championship. The Lady Tigers and OLA each played once last week due to the inclement weather canceling travel and the Crescents hosted their annual tournament on Saturday.

Bay High Lady Tigers

The Bay High Lady Tigers only played Tuesday evening as inclement weather forced their Thursday game with

d'Iberville to be cancelled. Bay High (0-10) played Harrison Central on Tuesday and fell 17-25, 14-25, and 19-25.

MacKenzie Graham recorded 8 aces and 16 digs followed by Nadia Lewis with 16 digs and Ja'Siya Acker had 3 kills.

Hancock Lady Hawks

The Hancock Lady Hawks had a full but successful week last week on the volleyball court winning two games during the week and four games in the OLA tournament for the team title.

On Tuesday the Lady Hawks (11-4) topped Vancleave 25-17, 25-16, 21-25, and 25-12. In the

game, Hancock was led by Peyton Russell with 13 kills, 4 blocks, and 4 aces while Alexa Palmer added 11 kills and 13 digs. Anslee James had 20 digs and 18 assists while Cambria Necaise had 10 digs. Hannah Lee had 11 digs and Kansas Alexander finished with 8 assists.

On Thursday Hancock beat Ocean Springs in five games 25-, 25-23, 19-25, 19-25, and 15-12. Russell collected 16 kills, 7 blocks, and 6 aces while Palmer had 16 kills and 14 digs. Lane Wedgeworth finished with 6 kills and Nina Wedgeworth had 3 blocks. James had 9 digs and 34 assists while Lee

ended with with 9 digs.

Hancock head coach Lysie Gayden stated, "We need matches like this one tonight to get us ready for district play. I told our girls that we would have to earn every point tonight and we were able to go out and do that against a quality team like Ocean Springs. This was a match of errors and the team that made fewer would be victorious. We are beginning to look better on the court."

On Saturday, the Lady Hawks beat OLA (25-18, 29-27), Gulfport (25-14, 23-25, 15-13), West Harrison (25-16, 25-16), and Biloxi (25-16, 22-25, 15-

12) for the team title. In the tournament, Hancock was paced by Russell with 43 kills while Palmer collected 32 kills and 19 digs. Necaise added 10 kills and 23 digs while James had 73 assists and 17 digs.

Our Lady Academy Crescents

The OLA Crescents (5-8) played West Harrison on Tuesday evening and won 26-24, 26-24, and 28-26.

The Crescents were led by Myah Favre with 19 kills, 14 points, and 7 aces followed by AnnaLaura Williford with 9 kills, 7 points, and 3 aces. Julia Hoffman added 7 kills and Ava Davis had 20 assists

and 6 digs. Kinsley Jean Stegall tallied 5 digs while Ava Alonso had 5 kills. Avery Matheson finished with 22 assists.

On Saturday OLA beat West Harrison (25-16, 25-12) and Gulfport (25-22, 20-25, 15-11) and lost to Biloxi (25-22, 12-25, 10-15) and Hancock (18-25, 27-29).

In the tournament, the Crescents were led by Favre with 46 kills while Williford had 46 kills. Stegall tallied 23 kills and 33 digs while Davis recorded 54 assists while Matheson finished with 74 assists.

WISH YOU A HAPPY LABOR DAY

You have worked so hard and deserve to be praised for your outstanding effort. Let us celebrate your achievements from this past year and look forward with excitement to what we can do together in the coming year! On this day when we celebrate American labor, we celebrate you. Happy Labor Day!

LABOR DAY WEEKEND

Labor Day is a United States federal holiday observed on the first Monday of September annually. The day celebrates the American labor movement and the contributions and achievements of the American worker. In the United States Labor Day is the three day weekend ending the summer season

Labor Day weekend events scheduled in Hancock County this

year include:

- The Diamondhead Farmer’s Market will reopen from 9 a.m.-1 p.m. this Friday, Sept. 2, at the Diamondhead City Hall Town Green. Items included at the market include fresh produce, baked goods, farm-raised beef, vegetables blended plants, hand-made products and free popcorn. The market is free to vendors until Jan. 1, 2023.

- The Faith Becnel Band will perform during the “Labor Day Bash on the Bay” from 6-9 p.m. this Saturday, Sept. 3, at The Blind Tiger at 119 N. Beach Blvd. in Bay St. Louis.
- The Bay Waveland Yacht Club will host the the 101st Annual Sir Thomas Lipton Regatta Saturday and Sunday September 3 and 4. BWYC has par-

ticipated in this contest every year since 1950.

- The city of Waveland will host the End of Summer Bash from 10 a.m.-8 p.m. on Sunday, Sept. 4 at the Waveland Lighthouse. Admission is free. The event will include live music, food, arts & crafts and vendors; a kids’ zone; and a fireworks display.

TIPS FOR LABOR DAY GETAWAYS AND MORE

Labor Day marks the unofficial end of summer. Even though summer officially ends a few weeks after Labor Day, a new school year begins for most students by Labor Day, and the lazy, hazy days spent on the beach give way to a new school year.

It’s no wonder that so many people want to capture the last of the summer magic before it’s gone for another year; Labor Day getaways help people hold on to summer just a little longer. Explore these tips to make Labor Day trips a bit more safe and convenient.

Leave extra time

Roadways are bound to be busy with other Labor Day weekend travelers, particularly for those headed to seaside locales or campgrounds. One way to avoid some of the traffic is to depart from home in the wee hours of the morning or late at night. Leave plenty of time to get to your destination so you won’t be tempted to speed or drive erratically. Utilize GPS and mobile phone mapping apps to identify routes that can help you avoid traffic.

Be cautious of the weather

Extreme temperatures can be a concern even this late in the season. The American Red Cross urges travelers to remain hydrated by drinking plenty of fluids while en route to destinations or while engaging in Labor Day fun. Avoid strenuous exercise during the hottest part of the day. Strong storms can blow through in an instant, so keep track of weather alerts and find shelter if a thunderstorm approaches while on the beach or in other areas where lightning strikes occur more readily.

Plan ahead

Labor Day vacationers number in the millions. Hotels and motels will be in demand, driving up rates, and airfare prices could soar. Book early to secure the best prices available and to guarantee you have accommodations.

Consider a bundled vacation

Package deals at destinations can save you a considerable amount of money. Fly.com allows users to search

the site for destination-appropriate packages that can combine airfare with hotel and car rentals to save money.

Look for lifeguards

If the plan is to swim in a lake, river or the ocean, select areas that have lifeguards available. Always swim sober and with a buddy. Even strong swimmers can be caught off guard by the power of water, which can include rip currents or rushing rapids.

Watch alcohol intake

Never drink alcohol while operating a vehicle en route to and from Labor Day festivities. Have a designated driver available if need be. Also, vacationers must recognize that alcohol can contribute to dehydration. Choose non-alcoholic and decaffeinated beverages to stay hydrated in warm weather.

Consider smaller airports

It may seem more convenient to utilize larger airport hubs for travel, but driving a little further to smaller, regional airports can

help you save money on fares. Plus, these airports may be less crowded, helping to calm stress and make the overall trip a little easier.

Labor Day travel is about to heat up, and a few tips can make plans go more smoothly.

WHY LABOR DAY IS WORTH CELEBRATING

Labor Day weekend is much-anticipated. Many people look forward to Labor Day weekend because it offers one last extended break to enjoy summer weather. Though summer does not officially end until September is nearly over, for many people Labor Day, which is celebrated annually on the first Monday in September, marks the unofficial end of summer.

But Labor Day is more than just one final chance to embrace the relaxed vibe of summer and soak up some rays. In fact, Labor Day boasts a unique history that’s worth celebrating for a variety of reasons.

Why celebrate Labor Day?

Labor Day is worth celebrating because, without the contributions of millions of workers every year, the United States would not be the success story it is and has been for more than 200 years. In addition to the United States, many countries across the globe, including Canada and Australia, have their own versions of Labor Day.

Labor Day weekend might now be seen as the unofficial end of summer. But this Labor Day weekend, celebrants and workers should remember that Labor Day also should be a time to reflect on the value of hard work.
